Read Along or Enhanced eBook: Every 4th of July, we celebrate the United States of America, the "land of the free." Learn the story of our country's beginnings and how our courageous Founding Fathers broke away from royal rule with the Declaration of Independence.

The Colonies Move Toward Independence contains 12 full-color transparencies (print books) or PowerPoint slides (eBooks), 28 reproducible pages including five pages of test material, and a richly detailed teacher's guide. This volume covers the colonies from 1763 through the writing of the Declaration of Independence and preparation for war.

What to the Slave Is the Fourth of July? (1852) is a novella by Frederick Douglass. Having escaped from slavery in the South at a young age, Frederick Douglass became a prominent orator and autobiographer who spearheaded the American abolitionist movement in the mid-nineteenth century. In this famous speech, published widely in pamphlet form after it was given to a meeting of the Rochester Ladies' Anti-Slavery Society on July 5th, 1852, Douglass exposes the hypocrisy of America's claim to Christian and democratic ideals in spite of its legacy of enslavement. Personal and political, Douglass' speech helped inspire the burgeoning abolitionist movement, which fought tirelessly for emancipation in the decades leading up to the American Civil War. "What have I, or those I represent, to do with your national independence? Are the great principles of political freedom and of natural justice, embodied in that Declaration of Independence, extended to us?...What, to the American

Online Library A Declaration Of Independence Expanded And Updated

Slave, is your 4th of July? I answer; a day that reveals to him, more than all other days in the year, the gross injustice and cruelty to which he is the constant victim. Drawing upon his own experiences as an escaped slave, Douglass offers a critique of American independence from the perspective of those who had never been free within its borders. Hopeful and courageous, Douglass's voice remains an essential part of our history, reminding us time and again who we are, who we have been, and what we can be as a nation. While much of his radical message has been smoothed over through the passage of time, its revolutionary truth continues to resonate today. With a beautifully designed cover and professionally typeset manuscript, this edition of Frederick Douglass's *What to the Slave Is the Fourth of July?* is a classic of African American literature reimagined for modern readers.

The three most important documents in American history—expanded and explained. In the centuries since the creation of the Declaration of Independence and the Constitution of the United States, as well as its Bill of the Rights, the liberties set forth within these documents have faced many challenges, including war, unrest, political debate, and legal disputes. Such trials persist today, but the initial strength of our founding papers—shining as beacons of hope and freedom to America and beyond—continues to stand the test of time. Now, *The American Reader* provides a brief summary and analysis of these landmark documents: examining constitutional interpretation, specifically originalism vs. living Constitution; exploring the Declaration's "saving principles," expressed by Frederick Douglass, one of many influential leaders referenced in this concise guide; and more. Also included are noteworthy facts about the founding fathers, a detailed timeline of events, and other fascinating trivia. At a time when our understanding of individual liberties in America

Online Library A Declaration Of Independence Expanded And Updated

is especially imperative, this essential reference puts our country's foundational beliefs into much-needed modern perspective.

Recounts the origins of the desire for independence in the colonies that would become the United States, the events that led to open rebellion, and how the Continental Congress adopted the Declaration of Independence, and discusses its meaning.

What is the President, Congress, and the Supreme Court really allowed to do? This unique and handy guide includes the documents that guide our government, annotated with accessible explanations from one of America's most esteemed constitutional scholars. Known across the country for his appearance on *The Daily Show* with Jon Stewart, Professor Richard Beeman is one of the nation's foremost experts on the United States Constitution. In this book, he has produced what every American should have: a compact, fully annotated copy of the Declaration of Independence, the Constitution and amendments, all in their entirety. A marvel of accessibility and erudition, the guide also features a history of the making of the Constitution with excerpts from *The Federalist Papers* and a look at crucial Supreme Court cases that reminds us that the meaning of many of the specific provisions of the Constitution has changed over time. "Excellent . . . valuable and judicious." -Jill Lepore, *The New Yorker*
