including traditional heritage as well as modern and contemporary activities. Each issue includes in-depth coverage of a selected theme, followed by an array of articles on artists and artisans, historic and cultural landmarks, natural attractions, reviews of stage performances and exhibitions, literary pieces, and today's lifestyles. Published since 1987, the magazine can also be accessed at (www.koreana.or.kr).

In Korean Folk Songs, music teacher Robert Choi shares 14 of Korea's best-loved classic children's songs—with musical scores and lyrics in both Korean and English. Born and bred in Chicago, Choi's parents raised their son with a keen appreciation for their native Korean culture. The traditional melodies they taught him left a deep impression. Included in this collection are well-known children's songs such as "Splashing Around" and "Mountain Rabbit" that incorporate fun actions and gestures. Also traditional standards that have been passed down from generation to generation, such as "Blue Birds" and "Arirang." Each Korean children's song features a musical score with the lyrics in Korean script and romanized form, and an English version of the lyrics. Historical and cultural notes are included and for the children's songs, Choi describes the accompanying actions. An audio CD contains recordings of all the songs, along with tracks that allow you to sing along. Every page has beautiful full-

color illustrations of traditional Korean scenes by the talented Korean artist SamEe Back. Just as songs like "Home on the Range" or "Oh! Susanna" are part of traditional American culture, the songs in Korean Folk Songs are a valuable resource for anyone with an interest in Korean culture, history and language.

K-Pop: Popular Music, Cultural Amnesia, and Economic Innovation in South Korea seeks at once to describe and explain the emergence of export-oriented South Korean popular music and to make sense of larger South Korean economic and cultural transformations. John Lie provides not only a history of South Korean popular music—the premodern background, Japanese colonial influence, post-Liberation American impact, and recent globalization—but also a description of K-pop as a system of economic innovation and cultural production. In doing so, he delves into the broader background of South Korea in this wonderfully informed history and analysis of a pop culture phenomenon sweeping the globe.

Tattooing is a very old and spiritually respected art form that has existed in many different cultures around the world. After many centuries of not being practiced in Europe, tattooing was re-introduced to the Western world through the inhabitants of the Pacific

Read Book Arirang Karaoke English Song List Vol 58

Ocean. Beginning in the 16th century, European explorers came across many people who practiced tattooing as an integral part of their cultures. This is the first serious study of Filipino tattoos, and it considers early accounts from explorers and Spanish-speaking writers. The text presents Filipino cultural practices connected with ancestral and spiritual aspects of tattoo markings, and how they relate to the process and tools used to make the marks. In the Philippine Islands, tattoos were applied to men and women for many different reasons. It became a form of clothing. Certain designs recognized manhood and personal accomplishments as well as attractiveness, fertility, and continuity of the family or village. Facial tattoos occurred on the bravest warriors with names that denoted particular honor. Through the fascinating text and over 200 images, including color photographs and design drawings, the deep meanings and importance of these markings becomes apparent.

The revised second edition of *Basic Korean: A Grammar and Workbook* is an accessible reference grammar and workbook in one volume. The text can be used in conjunction with any primary textbook, both as a practice book to reinforce learning and as a reference guide to the basics of Korean grammar. This book is comprised of 26 units covering key aspects of Korean grammar students would expect to encounter in

their first year learning the language. Grammatical descriptions are followed by examples and exercises which allow students to reinforce and consolidate their learning. This new edition has been updated and enhanced to include more varied exercises and contemporary vocabulary and dialogues. Clearly presented and user-friendly, Basic Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an ideal reference grammar and practice resource for both beginners and students with some knowledge of the language.

Famously reclusive and secretive, North Korea can be seen as a theatre that projects itself through music and performance. The first book-length account of North Korean music and dance in any language other than Korean, *Songs for "Great Leaders"* pulls back the curtain on this theatre for the first time. Renowned ethnomusicologist Keith Howard moves from the first songs written in the northern part of the divided Korean peninsula in 1946 to the performances in February 2018 by a North Korean troupe visiting South Korea for the Pyeongchang Winter Olympic Games. Through an exceptionally wide range of sources and a perspective of deep cultural competence, Howard explores old revolutionary songs and new pop songs, developments of Korean instruments, the creation of revolutionary operas, and mass

Read Book Arirang Karaoke English Song List Vol 58

spectacles, as well as dance and dance notation, and composers and compositions. The result is a nuanced and detailed account of how song, together with other music and dance production, forms the soundtrack to the theater of daily life, embedding messages that tell the official history, the exploits of leaders, and the socialist utopia yet-to-come. Based on fieldwork, interviews, and resources in private and public archives and libraries in North Korea, South Korea, China, North America and Europe, *Songs for "Great Leaders"* opens up the North Korean regime in a way never before attempted or possible.

Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three, he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with the Queen; from friendships with John Lennon, Freddie Mercury and George Michael to setting up his AIDS Foundation. All the while, Elton was hiding a drug

Read Book Arirang Karaoke English Song List Vol 58

addiction that would grip him for over a decade. In *Me* Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you, by a living legend.

Provides students with songs and activities to increase their understanding of music and its diversity.

korean wave, hallyu, Korean culture, Korean, south korea, Korean pop culture This book is the first in a series of upcoming books to introduce modern Korean culture overseas. The term “Korean Wave” (“Hallyu” in Korean) was coined by the Chinese press a little more than a decade ago to refer to the popularity of Korean pop culture in China. The boom started with the export of Korean television dramas (miniseries) to China in the late 1990s. Since then, South Korea has emerged as a new center for the production of transnational pop culture, exporting a range of cultural products to neighboring Asian countries. More recently, Korean pop culture has begun spreading from its comfort zone in Asia to more global audiences in the Middle East, Africa, Europe, and the Americas. Birth of the Korean Wave Birth of

K-Pop: 'Music of Fusion' K-Dramas: 'Healthy Power' The Korean Wave in other Fields Korean Films Hallyu in Literature epilogue Will It Continue?

This book celebrates the power of music, dance, and oral narrative to create identities by imaginatively connecting performers and audiences with ethnic and political groupings, global and sacred landscapes, histories and heroes, spirits and gods. Three distinct cultural eras of Mongolian society are represented. Many Mongols are now performing publicly the diverse traditions of Old Mongolia that they practised in private following the communist revolution of 1921; some are perpetuating the Soviet transformations of those traditions introduced prior to 1990; and yet others are dipping their curly-toed boots into new performance arts as they revel in musical encounters on the global stage. By highlighting the sheer variety of repertoires, this book illustrates the rich diversity of Mongolia's peoples and performance arts. An accompanying compact disc contains musical examples linked to the text. Carole Pegg is ethnomusicology editor for the New Grove Dictionary of Music and Musicians and associate lecturer in social

anthropology at the University of Cambridge, England. As an ethnomusicologist and musician she has been working with nomadic groups in remote areas of Mongolia and Inner Mongolia, China, and with urban Mongols in both countries since 1987. She has also toured with Mongol musicians in England and Hong Kong.
