Support for the  
RDS-81 remains  
decent. For repair, we  
would say \$4000 to  
\$5000 is a realistic  
limit. A replacement  
system with a  
warranty can be found

for about \$9000.

Another radar model that has proven reliability and good performance is the Bendix/King solid-state RDR2000/2100 series still in production as part of the Honeywell IHAS-8000 system.
