Tavi of Calderon, now captain of his own Legion, has been fighting a bitter war for two years. Then he discovers the invading Canim warriors are harbingers of a far greater threat. The Canim are being hunted in their turn by a savage race that forced them from their homeland - and which has pursued them to the Aleran borders. With options fast running out, Tavi proposes an alliance with the Canim. But the Senate's new military commander wishes only to wipe out the Canim 'scourge', and would also kill Aleran slaves that have sought freedom with these aggressors. Tavi must reconcile Aleran and Canim, slavemaster and slave, Citizen and Proletarian, if an alliance is to be forced. And he must lead his Legion in defiance of the law, against both friend and enemy - before the greatest army of all launches its assault.

After achieving a fragile alliance with the savage Canim, Alera's oldest foes, Tavi of Calderon is confronted by an invasion by the Vord, which forces the Aleran legions and Canim warriors into a desperate battle for survival against a dreaded mutual enem

Reprint.

The precarious alliance between the people of Alera and the furies is thrown into disarray by the death of the First Lord of Alera, and the fate of the Alerians lies in the hands of Tavi, an untried young man who must draw on his courage to save his world. Reprint.

Since time immemorial, the Spires have sheltered humanity, towering for miles over the mist-shrouded surface of the world. Within their halls, aristocratic houses have ruled for generations, developing scientific marvels, fostering trade alliances, and building fleets of airships to keep the peace. Captain Grimm commands the merchant ship, Predator. Fiercely loyal to Spire Albion, he has taken their side in the cold war with Spire Aurora, disrupting the enemy's shipping lines by attacking their cargo vessels. But when the Predator is severely damaged in combat, leaving captain and crew grounded, Grimm is offered a proposition from the Spirearch of Albion -- to join a team of agents on a vital mission in exchange for fully restoring Predator to its fighting glory. And even as Grimm undertakes this dangerous task, he will learn that the conflict between the Spires is merely a premonition of things to come. Humanity's ancient enemy, silent for more than ten thousand years, has begun to stir once more. And death will follow in its wake.
