In 1998 the birth rate in Japan fell to an unprecedented 1.39. Among the possible causative factors are a growing preference among women to remain unmarried, an increase in the mean age at marriage, and a rise in the number of women who continue working after marriage. In contrast to the decreasing number of children in Japan - or perhaps as a result- there has been an increase of such dysfunctional phenomena as violence at home and in schools, bullying, truancy, and eating disorders among adolescents. These and other issues are among the topics considered by the contributors to Recent Progress in Child and Adolescent Psychiatry Vol. 2, edited under the auspices of the Japanese Society of Child and Adolescent Psychiatry. The volume presents a broad-ranging view of recent progress in the rapidly developing field of child and adolescent psychiatry, providing a valuable resource for practitioners, researchers and students of psychiatry and clinical psychology.

Mercedes Lackey's triumphant return to the best-selling world of Valdemar, Take a Thief reveals the untold story of Skif--a popular character from Lackey's first published novel, Arrows of the Queen. Skif was an orphan who would have died from malnutrition and exposure if he had never met Deke the pickpocket. By the time he was twelve, Skif was an accomplished cat burglar. But it wasn't until he decided to steal a finely tacked-out white horse, which was, oddly enough, standing unattended in the street, that this young thief discovered that the tables could turn on him--and that he himself could be stolen!

The spellbinding conclusion to the brilliant fantasy series by the author of The Mirador and M\u00e9lusine. Exiled from M\u00e9lusine for the crime of heresy, the once powerful Cabaline wizard Felix Harrowgate and his half-brother Mildmay, former cat-burglar and assassin, journey to Corambis to face judgment from a ruling body of wizards. Corambis, however, is a land plagued by civil strife. Kay Brightmore, the Margrave of Rothmarlin, is part of an insurrection to restore the monarchy in the southern half of the country. In desperation, Kay and his rebels seek out the engine of Summerdown, an ancient magical device rumored to have terrible powers. Once the engine is awakened, only a powerful wizard can stop its awesome potential for destruction. Felix and Mildmay arrive just in time for their greatest challenge--and ultimate destiny...

Winning the lottery: \$70 million Mending family relationships: Priceless When James Bay journalist Lucy Carter wins the lottery, good fortune seems guaranteed. But even \$70 million in cold hard cash can't help Lucy when it comes to dealing with some cold hard facts. No amount of money will buy back Grandma's mind nor buy Lucy a reprieve from a strained mother/daughter relationship. After a twenty year absence, Lila's suddenly back in town. Lila says she's moved to James Bay to keep an eye out for her daughter Lucy... or is it Lucy's money that Lila has her eye on instead? When an auto accident forces mother and daughter together to live under one roof, even a luxurious 4,000 square foot condo seems like a tiny bungalow, and Lucy suddenly has her hands full with a whole new set of problems she never expected.

Glissant has written extensively in French about the colonial experience in the Caribbean. Britton (French, Aberdeen U., Scotland) situates Glissant within ongoing debates in postcolonial theory, making connections between his novels and theoretical work and the work of Frantz Fanon, Gayatri Spivak, Homi Bhanha, and Henry Louis Gates, Jr. Focusing on language and subjectivity, discussion moves between analysis of Glissant's theoretical work and detailed readings of his novels. Major themes central to his writing, such as the reappropriation of history, standard and vernacular language, and the colonial construction of the Other, are addressed. The largest of the islands that make up the greater Hong Kong area, Lantau remains decidedly separate from the urban sprawl of Hong Kong island and the Kowloon peninsula, boasting a wide array of native animals and plants as well as numerous longterm "visitors," such as a monk born in Fujian in 1897, an artisan guitar maker, traditional Chinese medical practitioners, and English botanists and graphic designers. Driving Lantau documents these lives and reconstructs various perspectives of the island over the past half century, from the effect of wars and waves of immigrants to marauding pirates and the introduction of Disneyland.

"An original American story of a tough, embattled media player with uncanny gifts for giving the public what they want." --Publishers Weekly In The Godfather of Tabloid, Jack Vitek explores the life and remarkable career of Generoso Pope Jr. and the founding of the most famous tabloid of all--the National Enquirer. Upon graduating from MIT, Pope worked briefly for the CIA until he purchased the New York Enquirer with dubious financial help from mob boss Frank Costello. Working tirelessly and cultivating a mix of American journalists (some of whom, surprisingly, were Pulitzer Prize winners) and buccanering Brits from Fleet Street who would do anything to get a story, Pope changed the name, format, and content of the modest weekly newspaper until it resembled nothing America had ever seen before. Pope was a man of contradictions: he would fire someone for merely disagreeing with him in a meeting (once firing an editor in the middle of his birthday party), and yet he spent upwards of a million dollars a year to bring the world's tallest Christmas tree to the Enquirer offices in Lantana, Florida, for the enjoyment of the local citizens. Driven, tyrannical, and ruthless in his pursuit of creating an empire, Pope changed the look and content of supermarket tabloid media, and the industry still bears his stamp. Grounded in interviews with many of Pope's supporters, detractors, and associates, The Godfather of Tabloid is the first comprehensive biography of the man who created a genre and changed the world of publishing forever. "An engaging saga of one man's obsessive devotion to creating an entertaining alternative universe." --The Wall Street Journal

Witches are taking the nation by storm. With the untapped gift to create fire, witch Sarafina Connell is caught up in a war between good and evil. And she has no choice but to join an infamous playboy in the battle for supremacy--one that's getting hotter by the minute.
