GED - Math Practice Test

GED Math Practice Test. GED stands for General Education Development or General Education Diploma. The GED is a secondary option for individuals who did not complete high school and receive their high school diploma. The GED, recognized in all 50 states, serves as a high school equivalency credential. With this credential, graduates can apply for colleges and entry-level employment positions.

GED Math Practice Test (updated 2020)

The key entered is not allowed, a combination of characters is invalid, or the maximum number of characters has been reached.-

GED - Math Practice Test

The GED, or General Education Development test, is a high school equivalency exam. Broken into four main subject areas - math, science, social studies, and reasoning through language arts - a passing score grants the test taker the equivalent of a high school diploma.

134 Question GED Math Practice Test (2020)

GED Math test details. There are 40-42 questions on the GED Math Test. You need 65% correct answers to pass the GED Math test and the passing score is 145 points.
