The Society for Landscape Studies was founded in 1979 with the aim of advancing public education by promoting the study of the landscape in all its aspects. In achievement of this aim the Society fosters interest in research and fieldwork; publishes, from

Landscape studies
Landscape analysis is a type of organisational analysis. The concept focused on finding a cohesive and consistent view of the main organisations and initiatives in some analysed area of operations and analysing chosen key aspects of them. In many business-oriented situations this kind of analysis is a part of a business plan - finding out on potential collaborators, market analysis, competitors, etc.
