The essential M&A primer, updated with the latest research and statistics Mergers, Acquisitions, and Corporate Restructurings provides a comprehensive look at the field's growth and development, and places M&As in realistic context amidst changing trends, legislation, and global perspectives. All-inclusive coverage merges expert discussion with extensive graphs, research, and case studies to show how M&As can be used successfully, how each form works, and how they are governed by the laws of major countries. Strategies and motives are carefully analyzed alongside legalities each step of the way, and specific techniques are dissected to provide deep insight into real-world operations. This new seventh edition has been revised to improve clarity and approachability, and features the latest research and data to provide the most accurate assessment of the current M&A landscape. Ancillary materials include PowerPoint slides, a sample syllabus, and a test bank to facilitate training and streamline comprehension. As the global economy slows, merger and acquisition activity is expected to increase. This book provides an M&A primer for business executives and financial managers seeking a deeper understanding of how corporate restructuring can work for their companies. Understand the many forms of M&As, and the laws that govern them Learn the offensive and defensive techniques used during hostile acquisitions Delve into the strategies and motives that inspire M&As Access the latest data, research, and case studies on private equity, ethics, corporate governance, and more From large

megadeals to various forms of downsizing, a full range of restructuring practices are currently being used to revitalize and supercharge companies around the world. Mergers, Acquisitions, and Corporate Restructurings is an essential resource for executives needing to quickly get up to date to plan their own company's next moves.

This book covers the entire spectrum of activities in a typical merger transaction—starting from searching for candidates to closing the deal. It is designed to be a rigorous yet relevant book on mergers, acquisitions and corporate restructuring for students, research scholars and practitioners of finance. The key features of the book include: - Rationale for diversification via acquisition, searching for acquisitions, valuation of publicly and privately held companies, design of consideration in acquisitions, cross-border acquisitions and empirical evidence on mergers. - Various forms of corporate restructuring like spin-offs, carve outs, targeted stocks, reorganization of debt contracts, lay offs and downsizing are covered. - There is also a summary of the research conducted in this subject over the last 20 years.

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.

In the fast changing economic environment of today, companies seek corporate restructuring not just to stay afloat amidst cut-throat competition, but also to increase their competitive edge over others. Thus, the significance of mergers and acquisitions can never be overemphasized in the corporate world. Mergers, Acquisitions and Corporate Restructuring aims to give its readers a concise yet comprehensive coverage of the subject from all the angles - strategic, legal, accounting, taxation, fund raising and valuation—a treatment which no other Indian book in the market has accomplished so far. The book not only caters to the syllabi of MBA students of most universities, but also meets the needs of CA, CS and ICWA students. Given its holistic approach in the discussion of various issues, both students and practitioners would find this book of immense practical utility. Key Features • Analyses all relevant Indian laws, regulations and accounting standards • Includes multiple interpretations of many provisions • Comprises over 60 numerical or situational illustrations to explain difficult concepts and legal provisions • Interprets and explains 4 comprehensive cases and 9 mini cases from the Indian corporate history and current affairs to enhance understanding • Contains latest amendments in regulations, laws, rules and guidelines as on 15 November 2012 New in This Edition • Thoroughly revised and updated • Chapter on new takeover regulations comparing the provisions with the old takeover regulations and giving historical perspective • Chapter on Competition Law and M&A

The authoritative resource for analyzing mergers and acquisitions (M&A) from every angle Paul Pignataro reveals the secrets behind growth through M&A in his new book, Mergers, Acquisitions, Divestitures, and Other Restructurings + Website. Through market shifts and regulatory changes, M&A has served as a solid approach to growth. Creating value through mergers and acquisitions is a highly coveted strategy, and Wall Street has long sought a clear technical understanding of the components of M&A as a key driver of growth. In this book, the author provides that understanding, covering all essential aspects of accounting and modeling for the M&A process. With over a decade of experience aiding billion-dollar restructuring deals, Paul Pignataro is in an excellent position to break down M&A from a finance standpoint. Mergers, Acquisitions, Divestitures, and Other Restructurings covers the financial accounting and modeling behind several M&A structures. Using the merger of Office Depot and Office Max, Mr. Pignataro fully addresses the entire integration, explains EBITDA, and other crucial performance measures. This text is for finance practitioners who want to explore every corner of the M&A process. Learn accounting for asset acquisitions, asset divestitures, and corporate mergers Explore modeling methods including mini-merger modeling and fully consolidated merger modeling Read case studies demonstrating the practical success of theoretical models Understand EBITDA, cash flow, capital structure, and their impact on M&A success and value creation This new text from the CEO and founder of the New York School of Finance is key for understanding how restructuring leads to growth and value creation. The importance of M&A shows no signs of slowing, meaning that finance professionals need to be able to accurately analyze the prospects and impacts of restructuring moves. Mergers, Acquisitions, Divestitures, and Other Restructurings + Website is the authoritative resource for doing just that.

Corporate law and corporate governance have been at the forefront of regulatory activities across the world for several decades now, and are subject to increasing public attention following the Global Financial Crisis of 2008. The Oxford Handbook of Corporate Law and Governance provides the global framework necessary to understand the aims and methods of legal research in this field. Written by leading scholars from around the world, the Handbook contains a rich variety of chapters that provide a comparative and functional overview of corporate governance. It opens with the central theoretical approaches and methodologies in corporate law scholarship in Part I, before examining core substantive topics in corporate law, including shareholder rights, takeovers and restructuring, and minority rights in Part II. Part III focuses on new challenges in the field, including conflicts between Western and Asian corporate governance environments, the rise of foreign ownership, and emerging markets. Enforcement issues are covered in Part IV, and Part V takes a broader approach, examining those areas of law and finance that are interwoven with corporate governance, including insolvency, taxation, and securities law as well as financial regulation. The Handbook is a comprehensive, interdisciplinary resource placing corporate law and governance in its wider context, and is essential reading for scholars, practitioners, and policymakers in the field.

In the fifth edition of this well-known text, Dr. DePamphilis explains the real world of mergers, acquisitions, and restructuring based on his academic knowledge and personal experiences with over 30 such deals himself. Important enhancements unique to the fifth edition: all 99 cases involve real-life deals made or announced within the last five years, extensive discussions of all current valuation techniques and their strengths and weaknesses, cross-border transactions analyzed and explained in detail, tax and legal issues covered comprehensively. Focuses on the REAL WORLD, not just theory. The 99 case studies span every industry and dozens of countries and show how deals are done rather than just the theory behind them. All cases fully updated for this edition. Cases all involve transactions that have occurred or been announced within the past 3-5 years. Extensive updating and enhanced content provided on reorganization, bankruptcy, and liquidation issues both inside and outside of bankruptcy court

Online Library Mergers Acquisitions And Corporate Restructurings

Corporate restructurings continue to be an indispensable tool in building the emerging generation of re-engineered companies with the power and resources to compete on a global basis. However, the issues, methods, motives, and techniques that shape today's world of mergers, acquisitions, divestitures, and reorganizations is often too complex for even the most savvy business managers to comprehend. And today, running a business successfully means being able not only to understand, but also harness the complexities of corporate restructurings. Part 1 Background Part 2 Hostile Takeovers Part 3 Going Private Transactions and Leveraged Buyouts Part 4 Corporate Restructuring

This revised edition of the well-known text provides a comprehensive and well-balanced overview of the entire spectrum of activities in merger transactions, acquisitions, and corporate restructuring process. It comprises of insightful modules on search for acquisitions, value drivers and target valuation, design of consideration, accounting and tax factors, cross border acquisitions, and the restructuring of equity and debt contracts. Intended for students with an interest in the financial, strategic, and business issues surrounding corporate restructuring, this book will take the readers through a rigorous understanding of valuation in a variety of corporate settings. Mergers, Acquisitions, and Corporate Restructuring: Text and Cases incorporates seven brief cases and six full-length teaching cases that instructors can use for classroom discussion and for in-depth understanding of the issues at hand. The book will help the readers answer crucial questions such as: • When does it make sense to acquire or restructure a firm ' s operations? • How does the structure of the deal affect the value creation potential? • How much value will the acquisition or restructuring create? • What are some of the post-merger integration issues that managers face?
