The consultation paper has yet to be published and many within the environment community will be keen to see whether there will be a loosening of existing requirements. Whether there will be a weakening of the regime or not, it seems clear that the government intends to facilitate and simplify the EIA process.

The Government's proposes consultation on Environmental ...

Reliable environmental information would allow market actors - consumers, companies, investors - to take greener decisions. In this context and in line with Better Regulation principles, the Commission has decided to launch a public consultation designed to gather stakeholders' views on an initiative on green claims.

The importance of public consultation ... - Public Law Today

On 27 August 2020, the European Commission (the Commission) launched a public consultation on a possible proposal on substantiating green claims about products or services. This follows on from the Commission's Inception Impact Assessment Roadmap on potential regulation of green claims. The consultation period for this Roadmap closed on 31 August 2020, so the Commission is already moving ahead with the consultation on the proposal itself.
