Hay un DCD (The Art of Conducting
Technique: A New Perspective (DVD))
que acompaña al libro (se vende por
separado), pero tampoco ayuda
mucho. Si ya conoces la técnica de
Farberman y crees que es buena
puede que este libro sea bueno para
ti, de otra forma creo que es mejor
conocer su técnica a través de una
persona que la domine y después
decidir si merece la pena su compra.

Conducting is the art of directing a musical performance, such as an orchestral or choral concert. It has been defined as "the art of directing the simultaneous performance of several players or singers by the use of gesture." The primary duties of the conductor are to interpret the score in a way which reflects the specific indications in that score, set the tempo, ensure correct entries by ensemble members, and "shape" the phrasing where appropriate.

Some schools believe that conducting technique essentially boils down to a few patterns while the art of conducting is demanded to a blurry definition of charisma. For others, conductors are born, not made, therefore there is no conducting technique per se but rather the innate disposition of an individual to communicate through gestures.
